Address
Kigali-kabuga-Rwanda

Education

2018-2021
High School
APAER Kabuga

2022
Short Course in software
At Kigali international art Collage (KIAC)

Technical Skills

- JavaScript (Node.js)
- Express.js, RESTful APIs, WebSocket
- MongoDB, MySQL, Postgres
- Git, GitHub
- JWT authentication
- Docker, Heroku, AWS, Firebase

Language

English

Kinyarwanda

Results-driven and detail-oriented Backend Node.js Developer with 2Years of experience designing, implementing, and maintaining scalable and robust server-side applications. Proficient in the entire software development life cycle, from concept to delivery. Adept at collaborating with cross-functional teams to analyze requirements and deliver high-quality solutions on time. Demonstrated expertise in Node.js, Express.js, and MongoDB, with a strong understanding of RESTful API design and microservices architecture.

Experience

2021 - 2023

Backend Node.js Developer

Developed and maintained server-side logic using Node.js and Express.js to support scalable web applications.
Designed and implemented RESTful APIs, optimizing performance and ensuring seamless integration with front-end applications.
Collaborated with front-end developers to integrate user-facing elements using server-side logic.
Implemented user authentication and authorization features, ensuring secure access to sensitive data.
Utilized MongoDB to design and manage databases, optimizing queries for improved efficiency.
Implemented automated testing procedures using Mocha and Chai, resulting in a 20% reduction in post-release issues.
Collaborated with the DevOps team to deploy applications using Docker containers, improving deployment speed and reliability
